Company Update

Wow, we've had a busy summer celebrating 100 years of Wabash Mutual Telephone! It was great to see everyone at the Fort Recovery, Celina and Coldwater parades along with the Mercer County Fair!

Tune in starting August 26th to our Local Channel 70 to hear play-by-play action of the Celina Bulldogs from WCSM AM. We're also broadcasting WCSM FM on our Local Channel when games are not in play. Plus don't miss the replays of the Celina City Council Meetings on Channel 70 and be sure to keep current with Celina Schools on Channel 71 and Fort Recovery Schools on Channel 72!

Sleuth Channel 247 recently changed its name to Cloo.

Starting September 1 we'll be upgrading all of our customer's email boxes from 50MB of storage space to 1 GIG per address including the secondary email addresses! Bright.net will also be auditing unused email addresses, so please let us know if you receive notification and would like to keep or discontinue any of your unused addresses.

We recently completed construction along Oldtown, Staeger & Dibble Roads in Celina and are activating new customers. We're also in the process of installing new customers in Celina's Northwest Node 3. Node 3 is west of Buckeye and north of Market to the west edge of town including Bruns and Wheatland subdivisions.

Our crews are currently working in the Indian Heights Subdivision in Fort Recovery and are bringing on customers as the fiber installation is completed. Next they will move on to the center of the village including the west side of Wayne Street.

NEW! - Whole Home DVR

Record your favorite shows and watch from any room in your home!
